

New Expectations Will Stimulate Learning Through Applying Technology to Enhance Achievement (NEW SLATE)

Montana Office of Public Instruction

Funded Through ESEA Title II, Part D - Enhancing Education Through Technology (Ed Tech) Grants District Eligibility for Ed Tech Competitive Grants 2009-2011

The NCLB legislation specifies that only Local Education Agencies (LEAs) that meet criteria for poverty (2007 census data) and Title I status or technology need are eligible to apply. Eligible districts are encouraged to work together to apply for a grant. Districts that do not meet the eligibility criteria may partner with an eligible district(s) if the ineligible district meets the criteria to be a "Technologically Proficient District" (see criteria in application package).

Eligibility (column 9) is determined by:

Poverty – Those districts identified with a poverty level that exceeds the State average of **16.21** percent (column 3).

AND

Redirected Use of Funds. Districts must not have "redirected the use of" any portion of the district ESEA Title II, Part D, Ed Tech formula funds, utilizing the authority under ESEA Title VI of the No Child Left Behind legislation (column 8).

AND

Title I. Districts must be identified by ESEA Title I as in need of improvement or corrective action (column 6).

OR

Technology Need. Districts must have a substantial need for technology (see criteria in application package) (column 7).

Bonus Points. (column 5): High poverty districts receiving an Ed Tech formula award less than the average allocation received by high poverty school districts, will receive bonus points on their application as per the NCLB legislation (see application package for more information).
